**for details!**

**DEAR PARENT:**

In January your child's class will attend *Let's Build an Orchestra!* – the Kansas City Symphony's 2010 KinderKonzert. This educational concert showcases the thrill of live orchestral music in terms easily accessible to elementary students.

As a part of this year's experience, the symphony is offering a talented student attending each concert the exciting opportunity to come on stage and conduct the orchestra! In order to select these students, we are inviting you to post a video of your child conducting to our YouTube channel located at [www.youtube.com/kcsymphony](http://www.youtube.com/kcsymphony). Complete instructions on how to post your child's video can be downloaded from our website at [www.kcsymphony.org](http://www.kcsymphony.org) via the Education Series tab located under Educational Outreach.

Detailed videos including a message from KCS Associate Conductor Steven Jarvi, a conducting lesson and posting pages and instructions are all located at <http://tinyurl.com/conductingchallenge>.
